

The Community Housing Project

Project Outline

27 April 2018

West Oxfordshire District Council and Cottsway are working in partnership to establish "The Community Housing Project" with funding awarded from a government grant. The project title will be 'Our house'.

The Community Housing Project will support single, under 35-year-old people on out of work benefits in West Oxfordshire. It will take larger properties and turn them into shared accommodation for single under 35-year olds.

Participants will have the opportunity to be trained in different 'trades' while they renovate the property, taking on apprenticeships and being supported throughout the whole process.

The project is starting in 2018 with its first house, but hopes to roll the scheme out to include more properties in the future.
